

YESHA PARMAR

Textiles | CMF | Trends

EXPERIENCE

Tesca Group

Colour and Trims Design

| January 2025 - July 2025

- Developing CMF concepts for automotive upholstery through trend and material research.
- Creating colour and material palettes aligned with market and OEM needs.
- Translating mood boards into woven and textured fabric prototypes, while closely engaging with the in-person production process at the factory.

Label earthen

Social media handling

| February 2024 - April 2024

- Managed social media content strategy, including grid planning and post scheduling.
- Created visual content, illustrations, and graphics aligned with brand aesthetics.
- Supported branding through storytelling and consistent visual identity across platforms.

Chitrakatha Design festival

Documentation | November 2024

Assisted the team with visual content creation, including photography and illustration.
